TECHZONE[™] Ceiling Systems Selection Guide

Inspiring Great Spaces™

100

0

1

The industry's first easy-to-specify-and-install ceiling solution with integrated technical services is available from Armstrong.

TechZone ceiling systems easily organise lighting, air diffusers and returns, into 100mm and 150mm wide technical zones.

A range of compatible fixtures from our partner companies have been prequalified for fit and finish.

The result – a clean, monolithic look using standard ceiling panels and suspension systems.
